Detailed Explanation of the Programme

* All programme will take place on the central campus of Kadir Has University.

Address: Cibali Mah. Kadir Has Cad. 34083 Fatih, İstanbul

(1) Pilot Case Challenges will be assigned to teams by CyberMACS Team during Cultural Orientation Week. In this session, Students will be instructed about the presentation rules and assessment parameters. Students will find free time to have a discussion with their team supervisor.

(2) In Working Group Free Time Sessions, it is expected that students will work on their challenge cases with their teams to present their approach on the final day of the programme.

(3) The course work (Cybersecurity Basics) is a part of the CyberMACS Curriculum, Fall 2023.
